PROFESSIONAL EXPERIENCE

CELLOSCOPE LIMITED

Dhaka, Bangladesh

Product Analyst (Remote)

May 2025 – Present

- Support product development and delivery by analyzing user requirements and market data to inform feature prioritization and ensure alignment with business objectives.
- Collaborate with cross-functional teams including design, engineering, and marketing to translate business requirements into actionable product specifications and user stories.
- Participate in Agile ceremonies including sprint planning, stand-ups, and retrospectives, providing data-driven insights to support decision-making and continuous improvement.
- Conduct market research and competitive analysis to provide strategic recommendations on product direction, identifying opportunities for growth and optimization.

Selected Project Experience

- **Health Care Application**
 - Structured Daily Health Routines: Users complete guided tasks like Vital Scan, Weight Logging, Exercise, and PROMs Questionnaire to support personalized care plans.
 - Cross-Platform Accessibility: Supports both iOS (via TestFlight) and Android (via APK) with detailed onboarding, ensuring broad user adoption and smooth setup.
 - Holistic Wellness Modules: Integrates physical, nutritional, and mental health tracking through dedicated sections like My Health, Nutrition, and Meditation.
- **Universal Medical Record (Health Platform)**
 - Developing patient acquisition **strategy** with targeted digital marketing and social media integration, defining KPIs for >5% ad CTR and >10% conversion rates in Bangladesh's healthcare market
 - Creating user journey mapping for multi-tier subscriptions, AI doctor matching, and targeting >40% referral redemption and >30% rural user adoption
 - Analyzing product requirements for mobile money integration, offline architecture, and multilingual support while ensuring GDPR/HIPAA compliance

AQUALINK BANGLADESH LIMITED

Dhaka, Bangladesh
